

Landscapes of Western Senegal

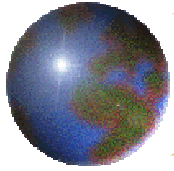

Shoreline of Senegal

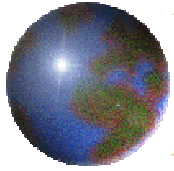

- ✚ Senegal has miles of beautiful beaches.
- ✚ Most people in Senegal live near the shore.
- ✚ Dogs sleep during the day.

Evidence of Beach Erosion

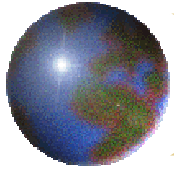

- ☛ Children play near weathered rocks.
- ☛ The waves constantly break up the stone.

Coastal Plain

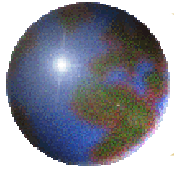

- Much of western Senegal is coastal plain.
- The city of Dakar occupies flat, low-lying terrain.

Sahel in Senegal

Senegal contains the western reaches of the Sahel, a semiarid grassland with low-lying vegetation and sparse trees.

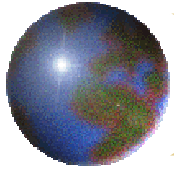

Construction

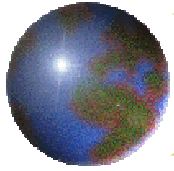

- Villages have narrow streets, concrete buildings, and dirt roads.
- Concrete keeps homes cool in the tropics.

Roads in Senegal

- ☉ Most roads in Senegal have no pavement.
- ☉ Dirt or sand roads can even be found in the capital, Dakar.

Islam as part of Human Landscape

- ❖ Mosques have been constructed throughout Senegal.
- ❖ Islam has changed the human landscape.
